## General Education Benefits and Solutions

### General Education Benefits

#### General Education Teacher's Benefits

Review360 provides general education teachers with classroom management training which helps improve behavior in the classroom and reduce teacher burnout. Review360 automatically recommends intervention strategies and provides assistance with managing the most common behavioral challenges. The configurable incident management system and advanced reporting helps support teachers as they manage classroom behavior.

#### General Education Student's Benefits

Review360 allows general education teachers to screen for behavior issues before they negatively impact the student's learning. The system provides consistent intervention strategies, resulting in increased academic success and students more engaged in learning.

#### School / District Benefits

Review360 promotes better continuity in services. Consistent data capture, progress monitoring, intervention strategies, and reporting leads to less time and resources used by the team; more accountability; reduced suspensions and expulsions; and an improved school climate.

### Setup and Configuration, Implementation Support, and Training

	<i>Single School Edition</i>	<i>Universal Screening</i>	<i>RTI Essentials</i>	<i>Expert RTI/PBIS</i>	<i>Districtwide solutions</i>
Description	Explore the path to improved student behavior and school climate on your campus with a single school subscription of Review360. With an easy, guided setup and research-based configuration, your school will quickly be headed in the right direction with a proven, integrated behavior improvement system.	Begin with teacher-friendly Universal Screening for all students. Identify students who may be at risk for behavioral or emotional problems before they become more serious. Intervene early and create a more positive learning experience for all.	Get everyone on board with Response to Intervention (RtI) by employing a robust yet easy-to-use system of essential tools and resources that help implement multi-tiered systems of support using universal screening and progress monitoring. Ensure system-wide fidelity and accountability.	Broaden your RtI implementation to incorporate PBIS with a scalable and sustainable system of best practices driven by an interactive behavior intelligence system. The system employs progress monitoring, incident management and professional development so everyone is following the same roadmap.	Align your behavioral practices with a districtwide implementation. Provide teachers and administrators with the tools they need to improve student behavior and share the improved outcomes with all stakeholders.
